

RESTORE the CALIFORNIA DREAM!

MARCH 5 to APRIL 21, 2010

“ There’s something about a march that is very powerful. It’s a powerful weapon, a powerful organizing tool, and it has a powerful influence on those who participate. ”

—César Chávez

CALIFORNIA HAS ALWAYS BEEN A PLACE OF DREAMS...

Dreams built on abundant natural resources, an innovative spirit, and quality public schools and other services.

WE MUST RESTORE:

- ★ Quality public education and public services for every Californian
- ★ Government and economy that serves us all
- ★ A fair tax system to fund California’s future

On **March 5**, the California Federation of Teachers (CFT) and a diverse coalition of labor, business, education, and faith groups will embark on a 48-day **“March for California’s Future.”**

On **April 21**, thousands will join the marchers in Sacramento for a major rally with **one key message:**
